

Dear Sir/Madam,

I would like to apply for a job as a Software Developer with Phoenix Group. I do have relevant experience in C#/.Net with experience with a full software development lifecycle.

I have worked alone, in a team in a large, multinational company where part of my job was to provide support to internal customers for the applications in development.

I do have experience with SQL (T-Sql and MySql), front end Web Design (Blazor/TypeScript/JavaScript).

I have relevant higher education in Computing and IT.

Please do see my CV for more details,

Kind regards

Lukasz Buchmiet
